

Positive Handling Policy

Statement of intent

Brookfield Park Primary School believes that it is important to establish a safe, secure and stable environment to enable pupils to grow, develop and learn. To achieve this, the school recognises that, in certain circumstances, managing violence through control and restraint may be necessary.

This policy acknowledges that situations may arise in which staff members will be required to use positive handling, and in some cases reasonable force, in order to manage conflict when other measures have failed to do so.

The aim of this policy is to ensure that actions such as positive handling and reasonable force are used in a correct and safe manner, which is in accordance with the relevant legislation and national guidance.

What is positive handling?

For the purpose of this policy, 'positive handling' is the positive application of force with the intention of protecting pupils and limiting damage to property.

Legal framework and national guidance often refers to the 'use of force' - this policy uses the term 'positive handling' whenever possible.

Positive handling is used in the school to:

- Restrain a pupil who has lost emotional self-control until the situation is diffused.
- Limit the amount of harm that the pupil involved can do to their self or others.
- Demonstrate to pupils that they are within a safe environment in which adults can contain pupils' anger and other erratic emotions.

Learning Together

- Protect all pupils against any form of physical intervention which is unnecessary, inappropriate, excessive or harmful.

Positive handling will be limited to emergency situations and used only as a measure of last resort.

Where positive handling is required, the school will abide to the following guidance:

- Initial intervention will always be without force.
- Any physical intervention will follow other appropriate actions.
- Staff will take a calm and measured approach in all situations.

Failure to positively handle a pupil who subsequently gets injured, or injures another pupil, could lead to an accusation of negligence.

Positive handling will never be invasive, humiliating, flirtatious in nature or take a form which could be seen as punishment.

Positive handling will be applied as an act of care and control with the intention of re-establishing verbal control as soon as possible and, at the same time, allowing the pupil to regain self-control.

What is reasonable force?

There is no statutory definition of reasonable force; it will always depend on the circumstance of the case.

The use of reasonable force is only acceptable to control pupils or restrain them.

'Control' refers to either passive physical contact, such as blocking a pupil's path, or active physical contact such as leading a pupil by the arm.

'Restraint' refers to physically bringing a pupil under control, such as holding them back. This is typically used in more extreme circumstances, such as to separate two pupils fighting.

The degree of force that is used will depend on the pupil's circumstances, e.g. age.

Staff members will always use actions that are appropriate and in proportion to the circumstances of the incidents.

All incidents that involve the use of reasonable force will be reported to the headteacher, recorded via CPOMS and communicated to the pupil's parents/carers.

The school is able to use reasonable force in situations when:-

- Disruptive children must be removed from the classroom and have previously refused to leave.
- Members of staff need to control disruptive pupils on school trips, or similar.
- Members of staff must prevent a pupil from leaving a classroom when doing so would lead to a risk to their safety.
- A pupil is attacking a member of staff or another pupil.
- A pupil is at serious risk of harming themselves and a member of staff must intervene to prevent this.

Physical intervention will never be used as a substitute for good behavioural management in accordance with the school's Behaviour Policy.

Use of positive handling and reasonable force

- All members of staff will be permitted to use positive handling where they believe it to be appropriate, as long as all necessary precautions are taken.
- The power to positively handle pupils also applies to any individual whom the headteacher has identified as temporarily in charge, such as volunteers.
- The decision to physically intervene during a situation is down to the professional judgement of the member of staff and always depends on the circumstances.
- Staff will always calmly communicate the reasons for their actions to the pupil and explain why it was necessary in a non-threatening manner.
- Staff will never give the impression that they are acting out of anger or are punishing the child.

- All staff members will develop strategies and techniques for dealing with difficult pupils and situations, which they will use to diffuse and calm a situation.
- In non-urgent situations, staff will always try and deal with a situation through other strategies before using force.
- Staff members will always avoid acting in a way that could cause injury; however, dependant on the circumstances, this may not always be possible.
- Where a member of staff believes that they are at risk, such as where an injury is likely to occur, they will not intervene in an incident without help and assistance of another staff member.

Emergency intervention is necessary when there is a high risk of pupils being injured or property being damaged.

If emergency intervention is required, a member of staff will use other methods of defusing the situation, without physically intervening, until assistance arrives.

Following the event, the pupil involved may be subject to separate disciplinary procedures, in which strategies should be formed to help avoid reoccurrence of such incidents.

Where necessary, external agencies, such as the LA or the police if a crime has been committed, will be informed of the incident.

Reporting incidents

A detailed written report will be kept of any incidents where force is used using CPOMS

The written report of the incident must be thorough, including as much detail as possible as to what had happened before, during and after the incident, and describing any injuries incurred due to the event.

- Name of staff member:

- Name of pupil:
- Date:
- Time:
- Location:
- Name(s) of staff member(s) who witnessed the incident:
- Informed parties (parents, social workers, police etc.):
- Circumstances prior to the incident:
- Details of the incident:
- Reason(s) for positive handling (danger to self/ danger to others/significant damage to property)
- Details of the intervention
- Injuries (if any) to staff members, the pupil concerned or other pupils
- Damage (if any) to property
- Recommendation(s) to avoid future incidents

Parents/carers will be informed of the incident.

If a member of staff witnesses or suspects the use of positive handling or reasonable force, where another member of staff is actively involved in physical intervention, they will report this to the headteacher immediately. Any allegations against staff will be dealt with as a matter of urgency.

The headteacher will be responsible for conducting a thorough investigation to find out the correct details of what occurred; this may include talking to other pupils about the incident, for instance those who witnessed the event.

Complaints

- All members of staff will be made fully aware of the consequences and legal repercussions that can occur following the incorrect use of positive handling and force.

- All complaints regarding the use of positive handling or force will be investigated in a thorough and speedy manner.
- The person making the complaint is responsible to prove that their allegations are true, and therefore, it is not for the member of staff to prove that their actions were made reasonably.
- In extreme circumstances, parents may take civil action or pursue a criminal prosecution.
- In the case where a member of staff has acted within the law, this will provide a defence to any civil or criminal prosecution.
- Members of staff accused of using excessive force will not be automatically suspended as a response to the allegations. The following procedure will be adhered to:

Careful consideration will be given to whether the case warrants a person being suspended until the allegation is resolved.

The governing board will always take into account whether a staff member has acted within the law when considering whether or not to take disciplinary action against a staff member involved in an incident.

Where a member of staff is suspended, the school will ensure that the staff member has access to a named contact that can provide support and guidance.

The school will provide pastoral care to any member of staff who is subject to a formal allegation.

Monitoring and Review

This policy will be reviewed on an annual basis by the headteacher and governing board, who will consider any necessary changes and communicate the findings of the review to all members of staff.

The headteacher will review records of the use of positive handling and reasonable force on a termly basis, to analyse the frequency of occurrence and determine what further measures could be taken to prevent these situations from reoccurring.
